

COLLECTION: UZ
PRODUCT: CHAIR (Code: Uz.11)

BY ANGELETTIRUZZA DESIGN | 2021

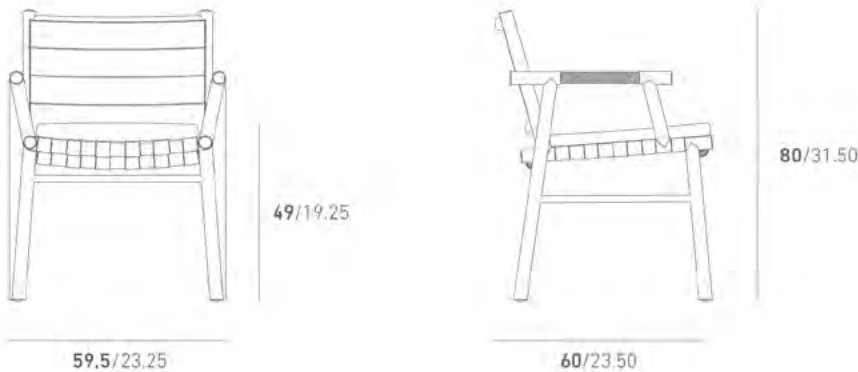

Product Specifications

Width	59,5 cm / 23.25" in
Depth	60 cm / 23.50" in
Height	80 cm / 31.50" in
Weight	7 kg / 15,4 lbs
Primary Materials	Teak, Sunbrella / Yapa Fabrics, Band, Rope

Product Overview

Blending the organic warmth of nature with a refined contemporary vision, the Uz Chair is designed by the acclaimed Italian studio Angelettiruzza Design. Exemplifying the clean, sculptural, and sophisticated aesthetic of the Uz Collection, this piece unites premium materials with thoughtful artisanal craftsmanship. The entire frame is constructed from premium natural teak wood, renowned for its structural durability, weather resistance, and timeless appeal. Accentuated along the solid cylindrical armrests, decorative acrylic rope wrappings introduce a tactile, modern contrast to the organic wood grain. Directly beneath the upholstered seat cushion, a supportive foundation of woven acrylic rope straps provides flexible suspension, elevating seating comfort to new heights. This meticulously engineered webbing not only adds subtle visual depth to the underside of the seat but also ensures a resilient, long-lasting base that maintains its form over years of use.

Sunbrella® Fabrics

Outdoor fabrics made from acrylic fibers are strong; they are more resistant to both weather conditions and usage errors such as mold, friction, and tearing. Before weaving, acrylic fabric threads are dyed with the solution. This allows the fabric to retain its color longer, even when exposed to direct sunlight. Sunbrella acrylic fabrics are considered premium for outdoor textiles, providing long-term savings and exceptional UV protection.

Cleaning & Care Instructions

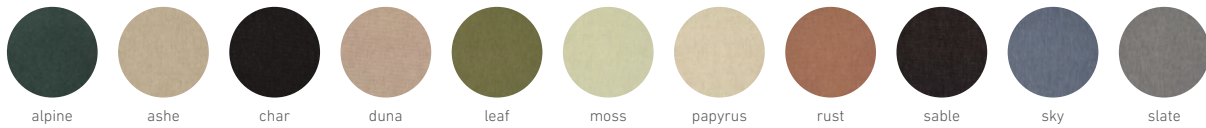

Brush off any loose dirt or debris from the surface using a soft-bristled brush.
Apply a solution of water and mild soap with a sponge or soft cloth.
Gently scrub in a circular motion; do not rub too hard.
Rinse thoroughly with clean water, ensuring all soap residue is removed.
Allow to air dry completely before use.
Machine wash in cold water using a mild detergent on a gentle cycle.
Do not use bleach or fabric softeners.
Protect from harsh weather by covering with YAAZ covers or storing indoors.

Teak

YAAZ oversees every stage of its teak furniture production, from carefully selecting sustainably sourced teak to crafting and finishing each piece. Using precision machinery and controlled kiln-drying processes, we ensure lasting quality and durability.

Teak is a natural, low-maintenance material designed to withstand outdoor conditions throughout the seasons. Over time, exposure to sunlight and rain naturally transforms its honey-gold color into a soft, silvery-grey patina, allowing the furniture to age beautifully and naturally.

Cleaning and Using Instructions

Teak naturally contains oils that help protect the wood. To maintain its surface, apply teak oil or a suitable water-based protector once or twice a year.

Avoid varnishes and similar chemical coatings.

Sand aged or worn surfaces using 150–180 grit sandpaper, then clean with teak cleaner and allow to dry.

Repeat the sanding and cleaning process.

Apply a water-based protective coating with a cloth, covering all surfaces, including hidden areas.

Allow the first coat to dry for 24 hours before applying the second coat.

The second coat becomes touch-dry after approximately 4 hours in a well-ventilated environment at an average temperature of 20°C.

dark teak

white teak

Sustainable Sourcing: YAAZ uses no teak of forest origin, but only teak supplied from sustainable Myanmar (Burma) that strictly adhere to the rigorously controlled environment and certified criteria which include replanting trees after harvest.

YAAZ Ropes

YAAZ's synthetic outdoor rope and band collection combines durability, performance and refined design. Developed with specialized additives and pigments, the yarns offer high resistance to UV exposure and varying weather conditions, along with excellent colourfastness and strength. A carefully curated colour palette complements YAAZ's aluminium frame finishes, offering versatile combinations and a cohesive design approach. Designed for outdoor environments, the collection brings a distinctive aesthetic to contemporary outdoor furniture.

Cleaning and Using Instructions

Regularly dust the rope with a soft cloth or soft-bristled brush to remove loose dirt and debris.
Clean with mild soap and warm water, gently scrubbing with a soft-bristled brush.
Rinse thoroughly with clean water and allow to dry completely before use.
Avoid harsh chemicals and abrasive cleaners to prevent damage and discoloration.
Do not exceed the manufacturer's specified weight capacity.
Avoid dragging or scraping the furniture on hard surfaces to prevent damage to the rope and frame.
Avoid exposure to extreme weather conditions, such as heavy rain and high winds.
When not in use, store indoors or protect with a YAAZ cover to extend the furniture's lifespan.

YAAZ Rope COLOR OPTIONS

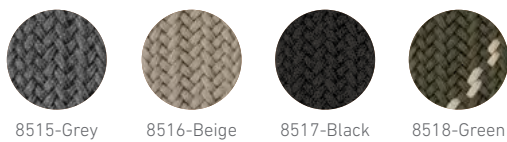

Band

Ensure your furniture stays securely in place with our collection of furniture straps. Crafted from long, narrow strips of durable materials, these straps are specifically designed to prevent tipping over or sliding around, providing peace of mind and safety for your home and loved ones.

Cleaning and Using Instructions

- Start by brushing off any loose debris or dirt from the surface of the strap with a soft-bristled brush.
- Mix warm water and mild soap or a specialized cleaner for strap surfaces.
- Apply the cleaning solution to the strap using a soft cloth or sponge, and gently scrub the surface.
- Rinse the strap thoroughly with clean water.
- Dry the strap with a clean towel or let it air dry.
- Avoid exposing the furniture to extreme temperatures, such as direct sunlight or freezing temperatures.
- Do not use abrasive materials or harsh chemicals when cleaning the furniture, as they can damage the vinyl straps.
- To prevent scratches or tears, avoid dragging heavy objects across the surface of the furniture.
- Consider covering the furniture during prolonged periods of non-use, such as during the winter months or when you are away on vacation.
- Regularly inspect the furniture for any signs of damage or wear, and address any issues promptly to prevent further damage.
